

# Rotary District 9800

## Insurance and Risk Management

Every Rotarian has personal responsibility for the safe conduct of Rotary activities with which they are involved. While your District, along with all Rotary Districts in Australia and around the world, are developing guidelines for managing risk and have purchased appropriate insurance cover, it is up to you to make a personal commitment to make the elimination of risk of injury to people and damage to property your number one priority.

### **Insurance**

In Australia Rotary hold multi-district insurance policies covering property, public liability, association liability, caravans and trailers, personal accident and travel. Summary details are available by clicking on the link below.

### **Risk Management**

District 9800 Risk Management policy and procedures are available on this website and should be followed for all Club and District projects.

### **Communication**

Rotarians are encouraged to contact our District Insurance Officer to discuss any aspect of your program, specific insurance requirements and risk minimisation as follows:

#### **District Insurance Officer: Lesley Martin**
